

# ROCKFORD CORPORATION

---

Rockford Fosgate, a high-performance audio manufacturer located in Tempe is looking for a qualified individual for a full-time position as an Acoustic Test Technician. This is an R&D position and we're looking for someone with a technical background who has a passion for audio.

**JOB TITLE: Acoustic/Loudspeaker Test Technician**

This role is responsible for taking acoustic and electrical measurements using industry leading test equipment. It also requires compiling test results and creating reports. You will be working closely with the Loudspeaker Engineering and NPD teams, proving reports that will drive decisions regarding new and existing products.

**REQUIREMENTS:**

- Strong knowledge of acoustics
- Comfortable working on multiple projects in a fast paced, deadline driven environment
- Experience with basic test equipment (DMM, Oscilloscope, Signal Generator...etc)
- A disciplined testing methodology

**WHAT YOU WILL BE DOING:**

- Taking measurements using Klippel test equipment
- Compiling results and creating objective reports
- Working with the engineering team to ensure our products meet their full potential

**QUALIFICATIONS:**

- A team player with a positive attitude
- Excellent communication, grammar and people skills
- Proficiency in MS Word and Excel
- A background in electrical engineering would be preferred but not required

Interested applicants, send resume and cover letter to [jobs@rockfordcorp.com](mailto:jobs@rockfordcorp.com) .

This position is based in Arizona. No relocation assistance provided.
