

ROCKFORD CORPORATION

Job Title: Video Production Specialist (Videographer)

Rockford Fosgate, high-performance audio manufacturer is looking for an innovative Videographer to join their in-house creative department. This is an extremely visible position and we're looking for someone who has a passion for Video Production and the audio lifestyle and culture.

This role is responsible for driving both iterative and innovative video production solutions for all of Rockford Corporation's advertising channels. This role requires you to plan, shoot edit, and launch videos across all media outlets. Day to day you will be working and collaborating closely with cross-functional teams and turning ideas and concepts into industry leading videos. This position reports to the Creative Manager.

Requirements:

- Strong skillset in Adobe Premier and After Effects programs
- Experience in editing, video production, keying, audio production, music editing, and sound effects
- Ability to create well-structured video files
- Self managing projects from initial conception to completion
- Comfortable working on multiple projects in a fast paced, deadline driven environment

What You Will Be Doing:

- Storyboarding, shooting, editing, color correcting video
- Assisting Rockford Fosgate's video presence online and on social outlets
- Creating relevant, thoughtful, and well and executed videos
- Working with the Creative Manager and Video team on daily basis
- Creating content from scratch

Qualifications:

- A team player with a positive attitude
- Strong knowledge of Adobe Creative Suite (After Effects + Premier + Photoshop + Illustrator)
- Bachelors in Film, Animation or similar
- Requires 3+ years of professional experience
- Strong portfolio reel
- Excellent communication, grammar and people skills
- Travel as needed for trade shows, sales events, and photo shoots

Please submit your resume, cover letter, salary expectations and links to samples of your reel to jobs@rockfordcorp.com
